Tournament _____

Officials Signature _____

Administrator Signature _____

When signed by both official and a coach or authorized administrator of home team this form becomes a contract between the official and the home school. Said official, a registered official with the MSHSAA and acting as an independent contractor, agrees to officiate the game(s) on this form for the indicated "Fees" and "Travel Allowances", and are to be paid by the home team high school. If this match is part of a tournament, home coach acts as agent for tournament directors and as such, tournament directors are then responsible for payment to fees in accord with stated payment in terms.
